

Evacuation procedures

If your workplace is at “Biologen” (Thormøhlensgate 53AB), follow the evacuation procedure described below. The assembly point is located by the pyramid in front of the HIB-building.

- Go to the ground floor by following the green “exit” signs.
- USE STAIRS - NEVER USE LIFTS.
- Once you have reached the ground floor, find the way to the nearest exit door and go to assembly point.
- NEVER turn back unless the exit path is blocked.
- NEVER go back into the building unless the fire safety officer has given a clear signal that the situation is resolved.

If your workplace is at HiB – BioBuilding (Thormøhlensgate 55), follow the evacuation procedure described below. The assembly point is located by the pyramid in front of the building.
